What's important to me

- Family is the most important thing to me, they always come first. It's important I text my mum, dad and sister most days and see them all several times a week.
- To be able to go for a walk with my boyfriend most evenings and have time to relax together watching movies or going out for food and a few drinks once a week.
- To work where I feel there is purpose and to feel like I am contributing to something that is making a difference.
- To always be learning new things so that I can be better at my job and sometimes just for the sake of learning.
- I love rugby, if there is a Leinster or Ireland match on, having the time to sit down and watch it makes me very happy!

How Best to Support Me

- If I don't understand what you're asking me to do I'll ask questions until I'm sure I understand, this is because I want to help as best I can so please be patient with my questions.
- Giving me an example or outline works better for me than a blank page, I like to know I'm doing something correctly and it allows me to be more creative.
